Base Ball.

The opening day for the local ball season will, weather permitting, be on May 4th, and on this day, which the management hopes to attract a large crowd, Hondo team will entertain the Hondo ball tossers.

The Devine team has been selected for the opening date for the reason that the team from that town always makes Hondo play first class ball to win, and then Devine just about gets an even split with games. For a strictly team Devine has the fastest pitcher of pastimers in these parts.

Hondo has several new men this year, new pitchers and a new short stop, others on the team will be the familiar Starnes, Ezzell, Schmitt, (J.), Filleman, de Montel, and Company. Oscar Miller has been out in a suit, but I am sure that he carries entirely too much waiting to beat a fast youngster out of a game. He could get in condition but we are afraid that the effort is going to be too much for the old man.

The old-time star pitcher, Richter, has been out trying to do a "come back." Whether he will succeed remains to be seen.

Several fast youngsters will try for the job later. Windrow Bros. are about the best of the lot, and they will be in the same time next month from college.

Angel, Brennan and Bunker are the men who are trying for places. Angel, a pitcher from Waco, is sure a good one; Brennan has had world's experience and should make good if he gets into condition; while Bunker, although handicapped by being stranded, is a fairly fast short stop. He has a tendency to fight the ball a bit, but he will do if he can hit.

On the opening day the management expects to pull off a lot of excitement, and of the most prominent citizens of the city will open the season and make by pitching and catching the ball thrown for this year. There will be music in the grand-stand and management can make the connection. In brief, it is hoped the opener will be an exciting and successful one.

The stores will close this year at 3 o'clock on Thursdays during the months of May, June and July, which will permit the clerks an off day for recreation weekly.

The ball park has been considerably improved and will be in fine shape.

Come out Thursday next and help the opening day a good one; the management and the crowd will be the encouragement and the success.

District Court.

The spring term of the district court will convene in Hondo next Monday, May 1st. Following is the docket that will confront the court, besides any business that may be furnished by the grand jury:

CRIMINAL DOCKET.

Twelfth Night.

The tercentenary anniversary of the birth of the Bard of Avon has witnessed a great revival of his plays. Even in war-stricken Germany the papers a few days ago spoke of a great interest being taken in all of Shakespeare's productions. It is, perhaps, not a matter of general knowledge, that the productions of this peerless playwright were produced and appreciated in Germany long before they were given any recognition in the land of the author's home country, England.

Throughout this country, and particularly in Texas, great interest is being taken in everything Shakespearean. Eminent lecturers are discoursing on the character and works of the world's greatest author, and even the universities and lesser schools have caught the infection, the Hondo High School being no exception. For the past two months members of the senior class have been diligently rehearsing Shakespeare's comedy-drama, "Twelfth Night," and while it is quite a pretentious undertaking for amateurs those who have witnessed the rehearsals assert that those taking part have been exceptionally well trained and that an evening of real pleasure for the people of Hondo is assured.

As will be seen by reference to an announcement in a column of today's Anvil Herald, the play will be given in the City Auditorium next Thursday night, May 4th, and we bespeak a liberal patronage for our ambitious young thespians. The play will be given in the costume of the time when the play was written which, in itself will be quite an interesting feature of the evening's entertainment. The proceeds will be devoted to helping defray the commencement exercises of the school. Go out and encourage the participants by your presence, help along a worthy cause, and enjoy a pleasant evening.

Fairy Operetta, "Daisy Dell."

To be given at the Auditorium tonight by Miss Harris' juvenile music class.

ARGUMENT.

Oberon and Titania, seated on a flowery throne under a witch-elm in Daisy Dell, summon their subjects to repel an invasion of Fairyland by the Spirits of Mischief. When the Fairies of Fun arrive they bring in, bound with magic chords, a spy of Prince Hecate's named Mother Grumpy. As punishment, Oberon commands the fairies to attend to her wounds, comfort her with words of hope, instruct her, and finally to induce her to laugh. All perform their tasks, and Tipitiwigit succeeds with her so well that the witch laughs outright. As soon as she does so she is (according to a spell on Daisy Dell) changed to the good fairy Ariel. Hecate's threats are safely defied, and all ends well with a fairy roundelay.

Dr. Arcos Dead.

Dr. Carlos Arcos, aged 111 years and five days, died at his residence here at one o'clock Monday afternoon, April 24, 1916. Funeral services were held at the family home Tuesday morning at 11:30 o'clock, after which interment was made in the Mexican cemetery.

Dr. Arcos had been in failing health

for sometime, having suffered of Bright's disease, and his demise was not unexpected. He is survived by his widow and several children.

The deceased was born in Spain of French parentage and claimed to be over 111 years old. He had resided here several years and was well liked by everybody—both Americans and Mexicans.

On the "Guaranty Plan" !

Here's the best bit of news for many a day.

You don't have to wait any longer.

You can get your car now for a small payment down.

Then you can pay the balance monthly—a little at a time.

No need now to dig into your savings—

No longer any need to scrimp and save for months in order to pay for your car in one lump sum.

The "Guaranty Plan" puts an end to all that.

A good, sound, thoroughly organized system which we can heartily recommend to help people buy Overlands and Willys-Knights is an accomplished fact at last.

The "Guaranty Plan," backed by some of America's

biggest capitalists, is in active operation.

It's much more agreeable for almost everyone to buy a car on the "Guaranty Plan."

We know you'll like it.

So come in today and let us tell you all about it.

Pick out your car and place your order right away.

Specify immediate or later delivery—as you wish.

But don't delay taking definite action.

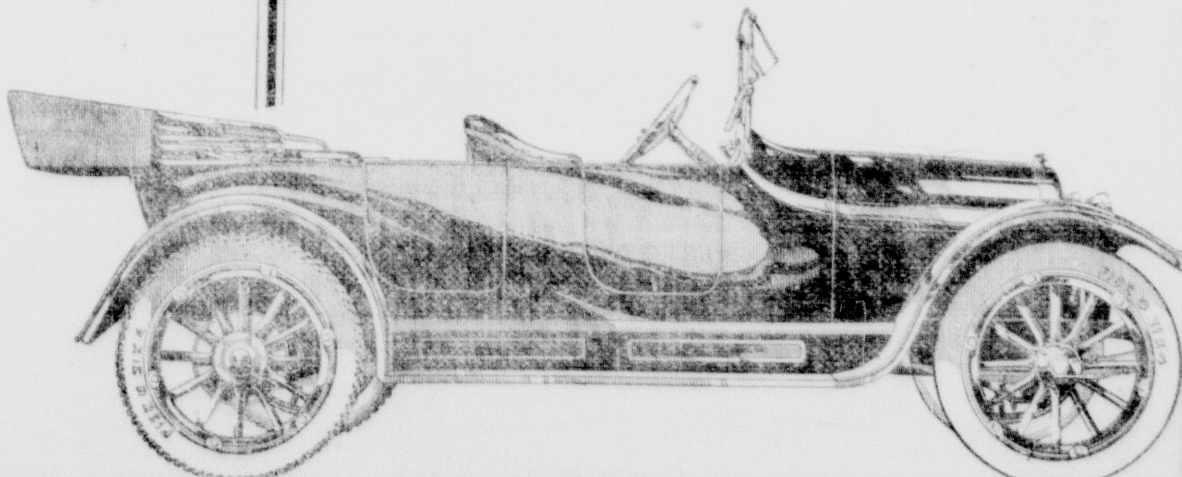

Buying is heavy this season anyway, and the "Guaranty Plan" is so liberal and convenient that it is sure to cause a buying rush that may slow up the deliveries.

TASTY CHEAP MEATS.

Those who would serve meats that take long, slow cooking must plan their meals some time before-hand.

All meats should be immediately removed from their paper wrappings, as much of the juice soaks into the paper. The paper itself often imparts an unpleasant flavor to meat. Keep meat near ice or in a cold place and wipe it with a damp cloth before putting it on to cook.

Red meats are easier of digestion, if properly cooked, than the white meat of pork and veal.

Far more meats are spoiled by too intense heat than by too little.

The liquor in which fresh meat has been boiled makes good foundation for soups and broths.

Salt meats should be put into cold water to cook, changing the water if the meat is very salt. This liquor is good to make bean or pea soup. Never throw away a bit of meat liquor, for there is any number of ways of using it in gravies, sauces and for flavor in vegetable dishes.

Twenty minutes to the pound is considered good time to cook meat well done, usually not counting the time until after the first twenty minutes, as it takes that time for meat to become heated.

In cooking meats one of two things must be decided by the housekeeper, time or money, which to you is the most valuable. Chops and steaks are quickly prepared, but are expensive. We must remember that the most costly meat is not the most nourishing, as much of the best flavor and nutriment is found in the cuts taken from the part of the animal where the muscles are most active. This meat is the lowest in price.

In steaming meat there is less loss; in stewing it, about a fourth of its weight is lost in cooking. When steaming 30 minutes to the pound should be allowed in the cooking.

A small amount of meat will flavor a dish of vegetables, cooking together in the oven. Casserole cooking is recommended because of this economy.

Time To Act.

Don't Wait for the Fatal Stages of Kidney Illness. Profit By Hondo People's Experiences.

Occasional attacks of backache, irregular urination, headaches and dizzy spells are frequent symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a time but generally return with greater intensity. Don't delay a minute. Begin taking Doan's Kidney Pills, and keep up their use until the desired results are obtained. Good work in Hondo proves the effectiveness of this great kidney remedy.

E. M. James, retired farmer, Hondo, says: "I came down with an attack of kidney trouble. My kidneys were disordered and failed to act properly. The passages of the kidney secretions became far too frequent and was compelled to arise several times at night on this account. I was bothered constantly. Finally I got a box of Doan's Kidney Pills at Windrow's Drug Store and they gave me prompt relief. Two more boxes entirely removed the trouble. I have had no kidney complaint since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. James had. Foster-Milburn Co., Props., Buffalo, N. Y.

MAKING THE IDEAL REAL.

Our readers will recall that there has been a great fight made against the provisions of the Warehouse and Marketing Law in so far as they relate to the old methods of ginning and sampling cotton. However, the warehouse law has stood every test in the courts. The Banner presents in the picture above the contrast between the old method of wrapping and handling cotton and the method which the law seeks to put in force. It must be remembered that henceforth cotton must be wrapped completely to comply with the law. No exposed sides, no ragged ends. The Banner believes that when we have learned by one or more seasons experience the value of this provision of the law, we will wonder that anybody ever had the "nerve" to oppose a change of these provisions. The Troup Banner.

the national joy smoke

has a flavor as different as it is delightful. You never tasted the like of it! And that isn't strange, either.

Buy Prince Albert everywhere tobacco is sold in tippyred bags, 5c; tidyred tins, 10c; handsome pound and half-pound tin humidor—and that corking fine pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such clever trim—always!

Men who think they can't smoke a pipe or roll a cigarette can smoke and will smoke if they use Prince Albert. And smokers who have not yet given P. A. a try-out certainly have a big surprise and a lot of enjoyment coming their way as soon as they invest in a supply. Prince Albert tobacco will tell its own story!

HAVE YOU WEAK LUNGS?

Do colds settle on your chest or in your bronchial tubes? Do coughs hang on, or are you subject to throat troubles?

Such troubles should have immediate treatment with the strengthening powers of Scott's Emulsion to guard against consumption which so easily follows.

Scott's Emulsion contains pure cod liver oil which peculiarly strengthens the respiratory tract and improves the quality of the blood; the glycerine in it soothes and heals the tender membranes of the throat. Scott's is prescribed by the best specialists. You can get it at any drug store.

Scott & Bowne, Bloomfield, N. J.

For Constipation.

Mr. L. H. Farnham, a prominent druggist of Spirit Lake, Iowa, says: "Chamberlain's Tablets are certainly the best thing on the market for constipation." Give these tablets a trial. You are certain to find them agreeable and pleasant in effect. Price, 25 cents. For sale by All Dealers.

Opportunity is like unto a perpetually moving atom. It never hesitates; if you wish to investigate you must follow it.

To have a fine healthy complexion—the liver must be active, the bowels regular and the blood pure. All this is brought about by using Herbine. It thoroughly scours the liver, stomach and bowels, puts the body in fine condition and restores that clear, pink and white complexion so much desired by ladies. Price 50c. Sold by W. H. Windrow.

When business interferes with love, neglect the business. The end is all the same; a man in love is seldom a good business hand.

Should Not Feel Discouraged.

So many people troubled with indigestion and constipation have been benefited by taking Chamberlain's Tablets that no one should feel discouraged who has not given them a trial. They contain no pepsin or other digestive ferments but strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere.

A punch bowl friendship, you will find, is no deeper than the punch in the bowl.

RUN-DOWN WOMAN

Made Strong By Our Vinol

Fort Edward, N. Y.—"I was in a run-down, nervous and weak condition, so I could not do the housework for my little family of three. I had taken cod liver oil emulsions and other remedies without benefit. A friend told me about Vinol. I tried it and it soon built up my strength and made me a well woman so I now do all of my housework."—Mrs. ELMER GLIDDEN.

We guarantee Vinol, our delicious cod liver and iron tonic, for all run-down, weak and debilitated conditions. W. H. Windrow, Druggist, Hondo, Tex.

"I feel it my duty to tell others what Chamberlain's Tablets have done for me," writes Mrs. L. Dunlap of Oak Grove, Mich. "I have suffered with pains in my back and under my shoulder blade for a number of years, also with a poor appetite and constipation. I tried all of the remedies that I heard of, and a number of doctors, but got no relief. Finally a friend told me to try Chamberlain's Stomach and Liver Tablets. I got a bottle of them and they soon helped my stomach, my liver and my bowels became more regular. Today I feel like praising them to all who suffer as I did, for they have cured me and made my life worth living."

Tennis Tournament.

Pearsall, Sabinal and Hondo met on Frank Cockrell's Court Friday, April 21st and engaged in one of the best days of tennis Hondo ever witnessed. There was at times some real tennis played but none of the players were in best form.

Pearsall won from Sabinal in all matches as follows: Sanders and Talmage of Pearsall vs Rogers and Schulte of Sabinal in straight sets, 4-6, 6-3. Trickley and Hudson of Pearsall vs. Gardner and Giffith of Sabinal, 9-7, 4-6, 8-6. Ward and Smith vs. Woods and Reily of Sabinal 6-3, 6-1.

Hondo entered, Dr. Meyer and Harry Mercer, winning from Pranglin and Phelps of Pearsall, 6-2, 6-0, and also from Ward and Smith of Pearsall 4-6, 6-2.

Special mention is made of the playing of Schulte of Sabinal. This fellow coming up into the clouds and pulled down many points against his opponents. Sanders and Talmage are a great pair but were not in best form. Further also showed some class in his speedy serve. Pearsall easily won the match and these fellows are a bunch of clean, gentlemanly players, as well as Sabinal's team.

Great thanks are due Mr. and Mrs. Cockrell for their kindness and splendid hospitality and the use of their court. We hope another such occasion not far distant.

O, we're out of work, we're out of work, we've got no work to do-o-o! Because the showers come down each day and soak the earth right thru. The flowers don't need our help at all, they're not the least bit dry, We'd like to see the sun shine out, we'd like a sky that's blue.

Kelly says we out of cement and out of sand and of gravel too, So we're out of work, we're out of work, we've got no work to do-o-o!

I wish to inform them that wish to know that I made the first concrete blocks 10 years ago, and the first concrete fence posts and corner posts, and 8 years ago I put up the first concrete house 40x70 feet, and floors, and now I have just finished a concrete garage 12x30 feet, which is water-proof, fire-proof and storm proof, and if you wish come and see me and I will play you "Home, Sweet Home," for I have it.

As for the cement in my houses, it is the best in the United States, and that is the San Antonio Portland cement, for I have tried all sorts and I know.

Will The Methodists Accept?

Will our Methodist Brethren of Hondo and elsewhere accept the doctrine, seek, obtain and testify to the experience of Sanctification as a second definite work of Grace as taught and propagated by John Wesley, Fletcher, Asberry, McKendree and many others of their greatest, strongest and brightest authors all along the line to the present time?

Dear Brethren, would you have me present the evidence in the case? Well, it is found in almost all the standards of the Methodist doctrines up until A. D. 1900. And many of the truest and tried Methodist preachers still proclaim this great God given doctrine and Grace, and as a result thousands of living credible witnesses within the Methodist Church are testifying to the experience of sanctification as a second work of Grace to-day.

But for the present we call attention to an article written by W. D. Bradfield, D. D., the present editor of the Texas Christian Advocate, found on the front page of the Advocate of March 23, 1916, under the heading—"Asberry's hunger for Holiness," from which we quote "The reading of

REV. J. T. HORGER

Asberry's Journal does not allow one to think that so large a proportion among American Methodists professed the blessing of entire sanctification, that is, not as large a proportion in America as there were in Europe. This implies in the strongest terms that there were many who professed the blessing of entire sanctification in Europe and not a few in America.

We quote again, At one of his wayside meetings Asberry says: "At the meeting we found some faithful souls, and the work revives among them. They were greatly led out to speak in the love feast, six or seven standing up as witnesses of a present salvation from all sin." You will notice that these were not designated by Asberry—the first Bishop of American Methodism, as Heretics or Fanatics but he denominates them as "Faithful souls." Early Methodists were taught that the first work of Grace, ordinarily called conversion, comprehended Regeneration, Pardon for actual transgression and the new birth. But did not take out of the heart the "inbred" or "original sin" which was to be taken out by a second instantaneous work of grace which they called "entire sanctification," hence the phrase "Salvation from all sin" as used by Asberry in the above quotation, meant that they had received both the first and second work of Grace, the latter "purifying their hearts from the last remains of inbred sin." Again, Asberry is quoted as saying: "Brother White says that five hundred souls have joined the society in the circuit this year; that half that number professed to have found the Lord; and more than one hundred have obtained sanctification. Good news this, if true." Notice, half of the entire membership had "found the Lord," gotten the first blessing, and more than one fifth had been sanctified—found the second blessing.

Now Brethren, what if the Hondo Methodist Church had one-fifth—about 50 of her members professing sanctification as a definite second work of Grace? Wouldn't it be something "new under the sun" in Hondo, though? Just here I venture to say if she had twenty-five enjoying the fullness of the blessing it would put new life in her.

After several more quotations from Asberry's Journal the Editor of the Advocate closes the piece with the following plain and unequivocal statement: "Alas! too many of the children of Asberry, we fear, have contented so vigorously about theories that they have quite lost the thing. Holiness, both as a doctrine and as an Experience. Methodist people can never surrender without serious loss to themselves and to the world. The 'grand depositum' of their doctrine and the distinguishing feature of their lives will have passed away when the followers of Wesley and Asberry cease to hunger for Holiness and experience it as a comforting reality in their hearts. Asberry solemnly says: 'I find no preaching does good but

that which properly presses the use of the means, and urges holiness of heart.' And can any reader of Methodist history doubt the truth of his statement." Now, will all the Methodists of Hondo and throughout the land say Amen, long and loud, to the above quotation from their most excellent and able Editor? If so, I respond "Amen and Amen."

Next we quote from the Advocate of March 30, 1916, again from the pen of W. D. Bradfield, D. D., its faithful Editor, referring to the experience of William McKendree the first Native American Bishop in the Methodist Church, he says: "Not until 30 years of age did the great determinative crisis of conversion, under the preaching of that flaming evangelist John Easter, arrive. Now in 1787 William McKendree entered into the rest of a saving experience, 'I ventured my all on Christ,' he says; 'in a moment my soul was delivered of a burden too heavy to be borne, and joy instantly succeeded sorrow.' 'The conversion of McKendree was followed shortly by an over-whelming blessing which came as the result of his seeking for the blessing of sanctification; 'unable to stand, I sank to the ground more than filled with transport. My cup ran over, and I shouted aloud,' my passion for souls quickly followed. 'My heart was enlarged, and I saw more clearly than ever the danger of an unconverted state. For such persons I prayed with anxious care, without a thought of preaching I began to tell my acquaintances what the Lord had done for me.' Now take notice, Brethren, that the conversion of McKendree was 'followed shortly by an overwhelming blessing which came as the result of his seeking sanctification.' He sure got the second blessing, didn't he? An 'overwhelming' case, too. He says, 'unable to stand, I sank to the ground more than filled with transport. My cup ran over and I shouted aloud.' See, it was the old-time shouting religion. It stirred a passion in him for lost souls and he began to pray for them and testify to them what God had done for him. Now, that's just like these holiness 'cranks' isn't it?

Now, Brethren, this is exactly the doctrine taught and the experience propagated by the "Pentecostal church of Nazareth" now being organized throughout this country and also in every nation under the sun, which doctrine appears to be so repugnant, repulsive and so contemptible, to some of our dear Methodist Brethren. Notwithstanding the fact that the present Editor of the Texas Christian Advocate, together with scores of the greatest and best authors of Methodism from the days of Wesley and Fletcher to the present time, have declaimed and do declaim, that this second blessing, salvation unto entire sanctification is the "Grand depositum" which God intrusted to the people called Methodist and that this experience is the distinguishing feature of their lives, and that holiness thus sought and obtained is "an experience Methodist people can never surrender without serious loss to themselves and to the world."

In conclusion I ask again: Will the Methodist accept their own doctrines, and seek the experience which made the Methodist church the greatest evangelical force that ever belted the earth since the days of the apostles; or will they turn a deaf ear and a cold shoulder, and neglect and reject this precious God-given truth until the Glory of the Lord shall have departed from them? God forbid. If ye hear His voice harken not your hearts, dear Brethren. Yours in Holy love,

REV. J. T. HORGER.

A beautiful \$600 standard-make PLAYER-PIANO in best condition, will be shipped back from here if no one takes it off my hands. A big sacrifice will be made, and would take another piano in exchange as part payment rather than return it. The old, reliable MAYOR PIANO CO., SAN ANTONIO, can give you full particulars regarding terms of payment. Any one can play it without knowledge of music, or it can be played just like the ordinary upright piano, independent of its self-playing mechanism. It is a rare opportunity to get a fine player-piano for less than its actual worth.

Tennis Tournament.

Pearsall, Sabinal and Hondo met on Frank Cockrell's Court Friday, April 21st and engaged in one of the best days of tennis Hondo ever witnessed. There was at times some real tennis played but none of the players were in best form.

Pearsall won from Sabinal in all matches as follows: Sanders and Talmage of Pearsall vs Rogers and Hudson of Sabinal in straight sets, 6-2, 6-3. Trickey and Hudson of Pearsall vs Gardner and Griffith of Sabinal, 6-7, 4-6, 8-6. Ward and Smith vs Woods and Reilly of Sabinal, 6-1, 6-1.

Hondo entered, Dr. Meyer and Harry Mercer, winning from Pranglin and Phelps of Pearsall, 6-2, 6-0, and also from Ward and Smith of Pearsall, 6-2, 6-2.

Special mention is made of the playing of Schulte of Sabinal. This fellow reached up into the clouds and pulled down many points against his opponents. Sanders and Talmage are a great pair but were not in best form. Gardner also showed some class in his steady serve. Pearsall easily won the match and these fellows are a bunch of easy, gentlemanly players, as well as Sabinal's team.

Great thanks are due Mr. and Mrs. Cockrell for their kindness and splendid hospitality and the use of their court. We hope another such occasion not far distant.

O, we're out of work, we're out of work, we've got no work to do-o-o! Because the showers come down each day and soak the earth right thru. The flowers don't need our help at all, they're not the least bit dry. We'd like to see the sun shine out, we'd like a sky that's blue. Kelly says we out of cement and out of sand and of gravel too. So we're out of work, we're out of work, we've got no work to do-o-o!

I wish to inform them that wish to know that I made the first concrete blocks 10 years ago, and the first concrete fence posts and corner posts, and 8 years ago I put up the first concrete house 40x70 feet, and floors, and now I have just finished a concrete garage 12x30 feet, which is water-proof, fire-proof and storm proof, and if you wish come and see me and I will play you "Home, Sweet Home," for I have it.

As for the cement in my houses, it is the best in the United States, and that is the San Antonio Portland cement, for I have tried all sorts and I know.

Will The Methodists Accept?

Will our Methodist Brethren of Hondo and elsewhere accept the doctrine, seek, obtain and testify to the experience of Sanctification as a second definite work of Grace as taught and propagated by John Wesley, Fletcher, Asberry, McKendree and many others of their greatest, strongest and brightest authors all along the line to the present time?

Dear Brethren, would you have me present the evidence in the case? Well, it is found in almost all the standards of the Methodist doctrines up until A. D. 1900. And many of the truest and tried Methodist preachers still proclaim this great God given doctrine and Grace, and as a result thousands of living credible witnesses within the Methodist Church are testifying to the experience of sanctification as a second work of Grace to-day.

But for the present we call attention to an article written by W. D. Bradfield, D. D., the present editor of the Texas Christian Advocate, found on the front page of the Advocate of March 23, 1916, under the heading—"Asberry's hunger for Holiness," from which we quote "The reading of that which properly presses the use of the means, and urges holiness of heart." And can any reader of Methodist history doubt the truth of his statement? Now, will all the Methodists of Hondo and throughout the land say Amen, long and loud, to the above quotation from their most excellent and able Editor? If so, I respond "Amen and Amen."

Next we quote from the Advocate of March 30, 1916, again from the pen of W. D. Bradfield, D. D., its faithful Editor, referring to the experience of William McKendree the first Native American Bishop in the Methodist Church, he says: "Not until 30 years of age did the great determinative crisis of conversion, under the preaching of that flaming evangelist John Easter, arrive. Now in 1787 William McKendree entered into the rest of a saving experience. 'I ventured my all on Christ,' he says; 'in a moment my soul was delivered of a burden too heavy to be borne, and joy instantly succeeded sorrow.' 'The conversion of McKendree was followed shortly by an over-whelming blessing which came as the result of his seeking for the blessing of sanctification; 'unable to stand, I sank to the ground more than filled with transport. My cup ran over, and I shouted aloud, 'my passion for souls quickly followed. 'My heart was enlarged, and I saw more clearly than ever the danger of an unconverted state. For such persons I prayed with anxious care, without a thought of preaching I began to tell my acquaintances what the Lord had done for me.' Now take notice, Brethren, that the conversion of McKendree was 'followed shortly by an overwhelming blessing which came as the result of his seeking sanctification.' He sure got the second blessing, didn't he? An 'overwhelming' case, too. He says, 'unable to stand, I sank to the ground more than filled with transport. My cup ran over and I shouted aloud.' See, it was the old-time shouting religion. It stirred a passion in him for lost souls and he began to pray for them and testify to them what God had done for him. Now, that's just like these holiness 'cranks' isn't it?"

Now, Brethren, this is exactly the doctrine taught and the experience propagated by the "Pentecostal church of Nazarene" now being organized throughout this country and also in every nation under the sun, which doctrine appears to be so repugnant, repulsive and so contemptible, to some of our dear Methodist Brethren. Notwithstanding the fact that the present Editor of the Texas Christian Advocate, together with scores of the greatest and best authors of Methodism from the days of Wesley and Fletcher to the present time, have declared and do declare, that this second blessing, salvation unto entire sanctification is the "Grand depositum" which God intrusted to the people called Methodist and that this experience is the distinguishing feature of their lives, and that holiness thus sought and obtained is "an experience Methodist people can never surrender without serious loss to themselves and to the world."

In conclusion I ask again: Will the Methodist accept their own doctrines, and seek the experience which made the Methodist church the greatest evangelical force that ever belted the earth since the days of the apostles; or will they turn a deaf ear and a cold shoulder, and neglect and reject this precious God-given truth until the Glory of the Lord shall have departed from them? God forbid. If ye hear His voice harden not your hearts, dear Brethren. Yours in Holy love,

REV. J. T. HORGER.

REV. J. T. HORGER

Asberry's Journal does not allow one to think that so large a proportion among American Methodists professed the blessing of entire sanctification, that is, not as large a proportion in America as there were in Europe. This implies in the strongest terms that there were many who professed the blessing of entire sanctification in Europe and not a few in America. We quote again, At one of his wayside meetings Asberry says: "At the meeting we found some faithful souls, and the work revives among them. They were greatly lead out to speak in the love feast, six or seven standing up as witnesses of a present salvation from all sin." You will notice that these were not designated by Asberry—the first Bishop of American Methodism, as Heretics or Fanatics but he denominates them as "Faithful souls." Early Methodists were taught that the first work of Grace, ordinarily called conversion, comprehended Regeneration, Pardon for actual transgression and the new birth. But did not take out of the heart the "inbred" or "original sin" which was to be taken out by a second instantaneous work of grace which they called "entire sanctification;" hence the phrase "Salvation from all sin" as used by Asberry in the above quotation, meant that they had received both the first and second work of Grace, the latter "purifying their hearts from the last remains of inbred sin." Again, Asberry is quoted as saying: "Brother White says that five hundred souls have joined the society in the circuit this year; that half that number professed to have found the Lord; and more than one hundred have obtained sanctification. Good news this, if true." Notice, half of the entire membership had "found the Lord," gotten the first blessing, and more than one fifth had been sanctified—found the second blessing.

Now Brethren, what if the Hondo Methodist Church had one-fifth—about 50 of her members professing sanctification as a definite second work of Grace? Wouldn't it be something "new under the sun" in Hondo, though? Just here I venture to say if she had twenty-five enjoying the fullness of the blessing it would put new life in her.

After several more quotations from Asberry's Journal the Editor of the Advocate closes the piece with the following plain and unequivocal statement: "Alas! too many of the children of Asberry, we fear, have contented so vigorously about theories that they have quite lost the thing. Holiness, both as a doctrine and as an experience. Methodist people can never surrender without serious loss to themselves and to the world. The 'grand depositum' of their doctrine and the distinguishing feature of their lives will have passed away when the followers of Wesley and Asberry cease to hunger for Holiness and experience it as a comforting reality in their hearts. Asberry solemnly says: 'I find no preaching does good but

MUSIC LOVERS

A beautiful \$900 standard-make PLAYER-PIANO in best condition, will be shipped back from here if no one takes it off my hands. A big sacrifice will be made, and would take another piano in exchange as part payment rather than return it. The old, reliable MAYOR PIANO CO., SAN ANTONIO, can give you full particulars regarding terms of payment. Any one can play it without knowledge of music, or it can be played just like the ordinary upright piano, independent of its self-playing mechanism. It is a rare opportunity to get a fine player-piano for less than its actual worth.

SATURDAY, APRIL 29, 1916

Weekly News Letter.

Issued by the State Department of Agriculture for the week ending April 15, 1916:

TAYLOR AND SURROUNDING COUNTIES

The March rainfall throughout that section of which Abilene is regarded the agricultural center, comprising several counties, was an average of 3.47 inches. Spring planting has begun and is being rapidly pushed. Dealers in improved farm implements claim the heaviest business in their experience. Maize, cotton, kafir and feterita in the order named will get the acreage this year. Cotton is mostly taking the place of the destroyed winter oats, though its acreage will fall short of last year. The recent rains have filled the streams and local lakes and this means an abundance of stock water. We have a splendid season in the ground.

NORTH TEXAS

Report covers North Texas north of the Texas & Pacific railway: No part of the fruit crop was hurt by the freeze of the 9th; no shedding. The Irish potato crop about 60 percent up; about 50 percent was killed down to the ground, but now coming out. It will be safe to say that the Irish potato stand is not over 80 percent in North Texas. Cold rains and deep covering caused many to rot.

Eighty percent of the corn was up and 80 percent was killed down to the top of the ground, but all will grow out.

The blackberry and dewberry crops will be good. One-third of the grape crop seems to be killed.

The wheat and oat crops are looking well and are growing fine; they have a good color; about 80 per cent stand of wheat and 85 percent stand of oats. Too much rain for the small grain crop.

Not much plowing going on yet—too wet—but farmers are starting up the breaking. We have had a great deal of cold cloudy weather, and the soil has been very wet; much of it water-soaked, but now it is getting better day by day. Every thing is growing

A New Remedy for Kidney, Bladder and all Urine Acid Troubles.

Successfully Used by Many Physicians and Surgeons in Their Hospital Practice.

At Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., there has been tested for the past few years a new remedy for kidney, bladder, urine acid troubles, rheumatism, lumbago, and such ailments as follow, and so many cases both acute and stubborn have yielded to this wonderful remedy that Doctor Pierce decided to name it "Anuric," and arrange for its distribution to the public through medicine dealers everywhere.

These "Anuric" Tablets cannot fail to help you, because their action flushes the kidneys of impurities and puts strength into them. It being 37 times more active than lithia, it dissolves uric acid as water does sugar.

Obtain a fifty-cent box of these tablets today from your druggist here in town or send 10 cents to Dr. Pierce for larger trial package.

total, and in many sections replanting has begun.

WHARTON COUNTY

Corn in the Valley damaged twenty-five percent of, about of the frost on the morning of the 8th inst. Irish potatoes in Wharton district damaged 75 percent; Eagle Lake district probably 60 percent. About ten thousand acres in both districts. Growers digging where vines were killed or seriously damaged. Yield ten to forty bushels per acre. Something like 5 percent passed without injury. Some fields killed outright. Others damaged from slight to very serious.

Burrell School Closes.

A large number of people from this community, Cliff and Castroville, assembled at the school house Saturday evening, April 8th and enjoyed a well rendered program, the occasion being the closing of school successfully taught by Miss Grace Carter of Hondo.

Too much credit can not be given the school children for the able manner in which each number was rendered.

Miss Carter was ably assisted by the young ladies of the community.

"The Mission of a Rose" a solo by Miss Alma Wurzbach with Miss Elizabeth Seekatz, accompanist, was highly appreciated by all music lovers.

The vocal duet "Our Comrades are Falling," by Misses Amanda and Minnie Wurzbach, was beautifully rendered.

"Crow Creek courtship," Miss Agnes Schorp as Johnny Overalls and Miss Minnie Wurzbach as Sallie Grindstone, kept the audience in a continuous uproar throughout the entire play.

"Down on the Farm" sung by the following young ladies closed the program: Misses Wurzbach, Boehme, Seekatz, Schorp and Ahr.

The following program was rendered:

Club Convention.

Waco, Texas, April 29, 1916.

Hondo Anvil Herald

Hondo, Texas.

Dear Editor:

At the Convention of all the Home Economics Clubs in McLennan and Falls counties in Waco last Saturday, April 15th I got the first prize on German coffee cake, and I have to write to your paper and tell you about the Convention.

In spite of the rain, quite a number of clubs were present, namely: Lakeview, Elam Mott, Oak Grove, Lott, The Evangelia Home and The Methodist Orphanage (both of Waco) and Robinson, of which club I am a member. Several well known people made speeches in the morning. Then we adjourned to eat lunch at The Y. M. B. L. In the afternoon more good talks were made, then the prizes were awarded and the members were taken to The Hippodrome Theater after which we went home. I had a very good time.

Yours respectfully,

BERTHA FISCHER,

Age 11, Robinson, Texas.

Taken With Croup.

"A few nights ago one of my patrons had a child taken with croup," writes M. T. Davis, merchant, Bears-ville, W. Va. "About midnight he came to my store and bought a bottle of Foley's Honey and Tar Compound. Before morning the child was entirely recovered." Many such letters have been written. Louis Carle, D'Hanis, W. H. Windrow Hondo.

Industrial Congress Crop and Garden Contest Closes May 1.

Contestants for the prizes amounting to \$10,000 in gold, offered by the Texas Industrial Congress for the most profitable production of field crops and gardens in 1916, will not be enrolled after May 1 in the crop and garden classes, but applications mailed not later than that date will be accepted.

The time for enrolling in the R. M. Johnston Peanut Club has been extended to June 1, for the reason that the planting season is late, on account of the drouth, and this crop may be planted as late as the middle of June.

Entries in the livestock classes for steers, baby beeves, and hogs, may be made at any time before July 1.

Those who wish to compete for the prizes for field crops, gardens, or livestock should notify the Congress at Dallas without delay, and application blanks for entry in the various classes will be sent them by return mail.

Cut This Out—It is Worth Money.

DON'T MISS THIS. Cut out this slip, enclose with five cents to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for bronchial coughs, colds and croup, Foley Kidney Pills, and Foley Cathartic Tablets. Louis Carle, D'Hanis; W. H. Windrow, Hondo.

Mud Creek Farmers' Club.

Standart, Tex., April 22.—Fletcher Davis, field agent of the State Department of Agriculture, completed a ten days' lecture tour over Kinney County by speaking to the pupils at the Mud Creek schoolhouse yesterday afternoon and to the general public at night. At the night meeting the Mud Creek citizens organized a farmers' institute with thirty-two members and elected the following officers: G. A. Briggs, president; Carrol Briggs, vice-president; August Wipff, secretary; and Neal Brown, entomologist. The Mud Creek Institute will send three delegates to the State Farmers' Institute at Austin July 17.—San Antonio Express.

Dr. King's New Life Pills contain ingredients that put the liver working, move the bowels freely. No gripe, no nausea, aid digestion. Just try a bottle of Dr. King's New Life Pills and notice how much better you feel. 25c at druggists.

The remembrance of the good time ought to compensate its cost, because the memory of it is an asset that will never get away from you.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Catarrh and Colds
To Be Rid of Catarrh
Is a great achievement. Most people would be well and happy were it not for catarrh. It is worth ten years of any one's life to learn how to get rid of catarrh.
PE-RU-NA
will show you, much quicker than any one could tell you, how to get rid of catarrh.
THE PERUNA CO., Columbus, Ohio
Mrs. Emma Gannon, 107 E. South St., Kewanee, Ill., writes: "For fifteen years I had catarrh of the head and stomach. I could hardly walk. My attention was called to 'The Ills of Life.' I read it through. Then I bought a bottle of Peruna. I am entirely well now."

Castroville, April 24, 1916.

Castroville Public School Closed April 28th.
The Castroville public school closed this week after an eight months term which has established a new record for the Public School of Castroville.
Prof. E. G. Morris and Miss Alice Tondre deserve great credit for the untold labor they have given to the school work, and the success that has been attained in spite of adverse circumstances.
The total enrollment has greatly exceeded that of previous years.
For the first time in the history of the school, High School work was given.
The best Christmas entertainment ever given by the Public School was enjoyed by the friends and patrons of the school this year, and about \$30 was taken in to be used for preparing the School Auditorium for use.
For the first time in the history of Castroville a local Institute was held there at which addresses by the best teachers in the county were enjoyed.

The Castroville School was well represented in the Inter-Scholastic contest at Hondo, and seven prizes were carried off by the Domestic Science Club, and high compliments were paid those who took part in the Declamations.
For the first time in the history of the school both a girls and boys basketball team were organized and a game played with the Hondo High School girls.
Best of all the teaching has been thorough. The students have been thoroughly drilled on the subject matter taught.
In fact Prof. Morris has accomplished more than has ever been done before and Castroville has been stirred to the depths on the educational question. The question of the importance of an education has been brought vitally home to each parent and child. He has not spared either time, labor or expense to give the very best service. With his ability and energy, Mr. Morris is bound to reach a high degree of success in the educational field.

Hondo Soon to Enjoy a Grand Musicale.
Prof. E. G. Morris of Castroville and his wife are planning to spend their summer vacation on a concert tour. They will be assisted by Miss Gizila Bauer of San Antonio.
We predict for them a pleasant and successful tour. Mrs. Morris has high soprano voice with tones as clear as a bell and had her training under one of the best instructors in New York city. County Superintendent W. N. Saathoff has heard her sing in Castroville and says "she is fine."
Mr. Morris has a baritone voice of excellent quality.
Miss Gizila Bauer will play the piano. She has had her instructions under Prof. Brewer, one of the best piano teachers in San Antonio and is a brilliant performer. She is associated with the best musical clubs in San Antonio, among which are the Mozart Club, Bethoven Club and the German Dramatic Club. It will be a rare treat to hear her play. Indeed the quality of their whole program will be such as cannot be enjoyed by the people of the small towns without going to San Antonio, and this will be brought right to them for a very small admission fee of 25c or 35c.
The program will include the classical, the old fashioned songs and the pathetic in the effort to please all.
The first concert will be held at Lacoste Thursday night, May 4th.
This will be followed by one at Dunlay, Friday night, May 5th.
Castroville, Wednesday night, May 10.
Riomedina, Thursday night, May 11.
Macdona, Friday night, May 12.
The date for Hondo has not yet been decided. It will be announced in next week's issue.
The people in the vicinity of Dunlay are cordially invited to attend the Grand Musicale to be held in Dunlay by Mr. and Mrs. Morris and Miss Gizila Bauer, on Friday night, May 5th.

Sabinal Sentinel Siftings.
Mr. Harold Rely returned last Friday from a trip to San Antonio.
Mr. B. H. Hunter made a business trip to Hondo last Friday.
Miss Vera Jones returned on the noon train Sunday from Hondo where she was visiting home folk.
The Sabinal Base Ball Team is getting ready to play ball on the first of May. The opening game will be played here on May 9th with Hondo. Everybody come out and root for the home team.
Mrs. Kempf of Hondo spent yesterday afternoon with her mother and her brother, Mr. Val Vollmer.
Mr. Geo. Johnson, Jr. returned last week from San Antonio where he had an operation for appendicitis about a month ago. He is gradually regaining his strength.
Mr. J. M. Bost went over to Hondo Wednesday on business.
Bro. Gentry went to Hondo this morning.

His Age is Against Him.
"I am 52 years old and I have been troubled with kidneys and bladder for a good many years," writes Arthur Jones, Allen, Kans. "My age is against me to ever get cured, but Foley Kidney Pills do me more good than anything I ever tried." Rheumatism, aching back, shooting pains, stiff joints, irregular action, all have been relieved. Louis Carle, D'Hanis; W. H. Windrow, Hondo.

Charles Montague Dies.
Charles Montague, aged 71 years, a resident of Bandera since 1857, died at 8:45 o'clock yesterday morning in a local hospital after an illness of nearly one month. He was 12 years of age when his parents settled in Bandera, coming from Fayetteville, N. C., his birthplace. He served through the Civil War in the Confederate Army, first with a Texas regiment and later with a North Carolina regiment. Afterwards, returning to Bandera, he engaged in business and later was elected district clerk and occupied that office about twenty-six years. He was one of the best known men in Bandera county, where he was highly regarded, and had many friends in San Antonio, having been a frequent visitor here.
Surviving relatives in his immediate family are his widow; three daughters, Mrs. Rose M. Gardiner and the Misses Margaret and Victoria Montague and seven sons, Eugene Montague of Lordsburg, N. M.; John V. Montague of El Paso; Brian, Joseph, Lawrence, Frank M. and Charles L. Montague of Bandera.
Under direction of the Zizik Undertaking Company the body was taken yesterday afternoon to Bandera, where funeral services will be conducted today.—Tuesday's San Antonio Express.

Mr. Fletcher Davis of Hondo, the Agricultural Demonstrator for the 8 counties in this part of Texas, was here last week, and lectured to the high school students on Thursday afternoon, and said many interesting things. His lecture was illustrated by chart views, which made it all the more instructive. On the following day, a Junior Agricultural Club was organized by the high school students with Gordon McIntosh, President; Chas. Veltmann, Secretary; Dorothy Meyer, Vice-President; and Chas. Reming, Entomologist. The State Department of Agriculture will keep in touch with this Junior Institute.—Brackett News-Mail.

Watch Child's Cough.
Colds, running of nose, continued irritation of the mucous membrane if neglected may mean Catarrh later. Don't take the chances—do something for your child! Children will not take every medicine, but they will take Dr. King's New Discovery and without bribing or teasing. It's a sweet pleasant Tar Syrup and so effective. Just laxative enough to eliminate the waste poisons. Almost the first dose helps. Always prepared, no mixing or fussing. Just ask your druggist for Dr. King's New Discovery. It will safe-guard your child against serious ailments resulting from colds.

CALOMEL IS MERCURY! IT SICKENS!
ACTS ON LIVER LIKE DYNAMITE
"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and Doesn't Salivate or Make You Sick.
Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out" if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone on my guarantee.
Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful to night and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine, entirely vegetable, therefore it can not salivate or make you sick.
I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless, doesn't gripe and they like its pleasant taste.

PREPAREDNESS VS. PENSIONS

ECONOMIC LEAGUE FAVORS
FREEDOM OF SEAS.

"Cannon is the Voice of Nations."

By J. S. Cullinan,
Chairman Texas Economic League

It is the mission of the Texas Economic League to discuss all public questions of economic interest, and there is no subject of more importance at the moment than preparedness.

The League is not concerned in the theoretical phases of the discussion, and with all due respect to those who believe that the pen is mightier than the sword, I want to suggest that our government has had some of the mightiest pens going that civilization ever produced, during this war, and while we have been writing, the sword of Europe have been running our citizens and our commerce off the seas. International law in the end is not enforced by nations which have the most facile pens, but by the country that has the biggest guns, for unfortunately the cannon is the voice of nations.

League Stands for Liberty.

Likewise, there may be interesting political and military phases of the subject, but the League is only concerned in the economic and business side of the discussion. The League stands for liberty and freedom of the people, and the products of their toil at home and abroad, and is opposed to tyranny on land or sea by friend or foe; favors a governmental policy, both domestic and foreign, that enlarges life, liberty and freedom of an American citizen, and opposes any conduct or concession on the part of government that denies or limits those rights. Any citizen who subscribes to these principles must, to be consistent, favor preparedness, for this war has certainly demonstrated the disadvantages of an inadequate Navy and the penalty of military weakness. The only difference of opinion that can arise among us is in the degree of preparedness, and on this subject I will express my personal views.

In my estimation preparedness is a good business investment. During the first year of the present war the Southern cotton farmer, according to the estimates of the Farmers' Union, lost nearly \$500,000,000 on cotton, and this is only one item of destruction in values that this country has suffered as a direct result of the war. This amount would build a Navy superior to our present one, and had this money been invested in battle-ships, no power would have classified cotton as contraband. It will be recalled that Russia placed cotton on the contraband list during the Russia-Japan war, just as England has done in the present war, but the British government forced her to recede from that position, so that cotton from English colonies could go to Japan. England had the guns.

A Good Business Investment.

Preparedness is good business economy. During the past forty years we have spent in pensions over \$4,500,000,000, and during the past fiscal year we paid out \$165,000,000 in pensions alone. The annual expenditure for pensions during the past forty years is nearly equal to the total annual average appropriation for our Army, Navy, and Rivers and Harbors during this period. When we consider that one-half of the soldiers who fought in the civil war are not eligible to the pension rolls, and had we been fighting a foreign foe, our appropriations would probably have been double this amount, we get some idea of the enormous expense of war. Economists estimate the productive value, (that is, the surplus above what he consumes, again meaning the wealth he adds to the nation), of a normal male American citizen during the term of an average life at \$4,000 to \$6,000, the average being \$5,000. Assume

that this figure to be correct, our pension rolls for the fiscal year 1914 absorbed the value of approximately \$6,000 lives, or, in the main, are the heads of families. For the forty-year term mentioned above approximately 1,000,000 people gave their lives to bear the burdens of the Civil War since peace was established, and for almost the next half century we will be paying pensions on account of this war. The total casualties in the Civil War are reported at nearly 750,000, and the cost of the war approximately nine billion dollars, which hold the world's war record on loss of men and money up to the present conflict. The war of 1812 was fought over a hundred years ago, but we are still paying out pensions on account of that war. In my estimation the most practical method of avoiding an appalling outlay for pensions in the future is to prevent war, and I know of no better way of insuring peace than an impregnable defense.

The President's policy of Preparedness will, I am sure, meet with the hearty approval of a majority of our thoughtful citizens, and in a future article I will discuss preparedness plans, and the methods of raising revenue from a business angle, as I see them.

THE KITCHEN CABINET

Any man may be in good spirits and good temper when he is well dressed. If I was very rugged and very jolly then, I should begin to feel I had gained a point.—Dickens.

HELPFUL HINTS.

If the range is too low raise it on a zinc-covered platform. A low stove is a back-breaking addition to an already burdened one.

A rubber mat placed before the sink is a great help to tired feet, as it lessens fatigue.

When standing on concrete floors have, if a rubber mat is not to be procured, a small rack of strips of board on which to stand. There is sufficient spring in the device to ease the feet.

Doors and window casings, moldings and baseboards should be smooth so as not to afford a place for dust in cracks and ledges.

Whenever possible the wood or coal should be piled from the outside into a box near the stove with a cover to keep out the dust.

Dustless mop cloths, and dusters are easily prepared at home. Old wooden or flannelette underwear for mops and cheesecloth dusters are prepared as follows: Put a quarter of a cupful of kerosene into a cleaning pail, add two quarts of quite warm water, put in the cloths and make sure that they are well saturated. Wring out, dry and the cloths are ready for use. Keep in metal receptacles or in an airy place as they are inflammable.

The best sanitary covering for the floor is linoleum. Varnished once or twice a year, it lasts for years. It should be well fitted with watertight joints. The method used by some is to lay the cloth and use it until it is well flattened and stretched before tacking securely.

A painted floor if kept well painted, may be easily cleaned. Use the same color of paint from year to year, then the worn spots may be recoated without being too noticeable.

A zinc-covered table of the right height for the person to use is an indispensable kitchen adjunct. A hinged shelf placed conveniently is another help in serving and dishwashing.

A wire tray to fit into a deep pan may be used for the drained dishes. Scald with very hot water and let dry, saving the process of wiping.

Miss Hutzler Entertained.

Mr. and Mrs. Frank S. Cockrell entertained Hondo's younger set Monday evening, honoring Miss Josephine Hutzler. "Hearts" and "Bunco" being the games of the evening.

Presiding at the punch bowl were Misses Ethel Hutzler and Noma Grell. The decorations, favors and refreshments were carried out in the Easter colors, excepting the lavender and white, Miss Hutzler's school colors.

The ice cream was formed in the motif of yellow and white easter lilies.

At the conclusion of the games Miss Leila Windrow won the girl's prize, an ivory-cased perfume bottle; the boy's prize, a knife, fell to Mr. Elmer Rothe; while Mr. Frank Stiegler found himself the owner of a papier mache goose, as booty. In cutting for the guest prize, the brocade box of stationery was won by Mr. Roy Mercer.

The guests of the evening included: Misses Ruth Rothe, Leila and Ruth Windrow, Octavia Davis, Nellie Wilson, Glee Fusselman, Beattie and Lillian Brucks, Laura Grell, Irene Hudspeth and Eva Long, Messrs. Clint Rogers, Elmer Rothe, Jim Willingham, John Bob Wilson, Selby and Newell Woods, Ashwell and George Gilliam, Kyle Bradley, Frank Stiegler, Roy Fileman, the host and hostess, Mrs. A. J. Hutzler, Miss Ethel Hutzler, Miss Noma Grell and Master Albert Hutzler.

The out-of-town guests were: Miss Pauline Vallejo, Mr. Roy Mercer, Mr. Jimmy Nelson and the honoree.

CONTRIBUTED.

Work Started on Oil Well.

Last Wednesday afternoon about three o'clock Toby Koch threw the machine in gear that started the first deep oil well in this section. The company had announced the day before that work would start at that time and there was a large crowd present when the heavy rotary started grinding its way down into the earth. All those connected with the company are very much encouraged over the prospects and are very confident that they are soon going to have a "liquid gold mine."

Messrs. Kemp and Lynam were seen Friday by a representative of The Anvil Herald and stated that everything was in fine shape and that work was going to be rushed as fast as possible. They said, however, that they had been bothered somewhat as they had struck some loose gravel at a shallow depth and that it caved in about as fast as they could drill it out. However, they thought they would be through it in a short time, and as soon as they got their surface casing set, then they would have no more trouble from that source. In fact both of them were quite hopeful and seemed to be confident that we are soon to have an oil field here.

For Sale.

Twenty acres of land, a ten-room house, two large barns, several small out-houses, well and wind-mill, two cypress tanks, fenced and cross fenced hog-proof. One-half mile from court house. For price apply to 36-1f. FRITZ FRERICHES.

Save Your Paper.

The public of Hondo and vicinity are requested to save all old papers, books and magazines. The ladies of the Christian Church will call for them. They want to get a car load to ship to an eastern market. You can help a worthy cause as well as rid our premises of an eye-sore by complying with this request.

Beefsteak Chowder.

Cut slice of salt pork into small lots with one onion minced fine; cook until a nice brown; add one quart of boiling water, let simmer five minutes, then add one pound round steak cut into strips one-half-inch thick and two inches long; bring this quickly to a boil, then simmer until the meat is tender; add four or five pared and sliced potatoes, season with salt and pepper, add more boiling water and when potatoes are tender add one and one-half cupfuls of good rich milk or cream; split six or eight crackers, put into soup dish and pour chowder over them, serving at once.

To Starch Fine Lingerie.

Many housewives experience great difficulty in laundering fine lingerie, such as dainty waists, jabots, collars and so forth. The chief difficulty seems to lie in giving them just the proper degree of crispness. Rinsing them in a solution of borax gives the right degree of stiffness and renders them just like new. Two heaping tablespoonsfuls of borax to five quarts of water is a good proportion. This is also excellent for thin dresses trimmed with lace.

Corn With Cheese.

Cut cold boiled corn from the cob, put in double boiler with milk enough to cover. When hot add cheese to suit your taste cut in thin bits, pepper and salt. Keep hot till cheese melts, but do not boil. Nice for supper.
